26. Examination of Bids and Determination of Responsiveness

26.1 Prior to the detailed evaluation of bids, the Employer will determine whether each bid:

- (a) meets the eligibility criteria defined in ITB Clause 4;
- (b) has been properly signed; and
- (c) is substantially responsive to the requirements of the bidding documents.

26.2 A substantially responsive bid is one which conforms to all the terms, conditions, and specifications of the bidding documents, without material deviation or reservation. A material deviation or reservation is one:

- (a) which affects in any substantial way the scope, quality, or performance of the Services;
- (b) which limits in any substantial way, inconsistent with the bidding documents, the Employer's rights or the Bidder's obligations under the Contract; or
- (c) whose rectification would affect unfairly the competitive position of other Bidders presenting substantially responsive bids.

26.3 If a bid is not substantially responsive, it shall be rejected by the Employer, and may not subsequently be made responsive by correction or withdrawal of the nonconforming deviation or reservation.

27. Errors and Omission

27.1 In the examination of substantially responsive bids, the Public Body shall distinguish between errors and omissions that are properly subject to correction and those that are not. A Bidder should not be automatically disqualified for not having presented complete information, either unintentionally or because the requirements in these bidding documents were not sufficiently clear. Provided that the error or omission in question is subject to correction –generally a situation arising in the context of issues relating to data, information of a factual or historical nature, or issues that do not affect the principle that bids should be

substantially responsive, the Public Body must permit the Bidder to promptly provide the missing information or correct the mistake. However, there are certain basic errors or omissions which, because of their nature are not subject to correction. Examples of these are failure to sign a bid or submit a guarantee. Furthermore, the Bidder may not be permitted to correct errors or omissions that alter the substance of an offer, constitute material deviation or reservation, or in any way improve it.

- 28. Comparison of Technical Proposal** 28.1 The Technical Proposals shall be evaluated as per a marking system as indicated in Section VI- Schedule. Only those having scored the minimum pass marks or more, shall be retained for the financial evaluation.
- 29. Correction of Errors** 29.1 Bids determined to be substantially responsive shall be checked by the Public Body for any arithmetic error. Errors shall be corrected by the Public Body as follows:
- (a) where there is a discrepancy between the amounts in figures and in words, the amount in words shall govern; and
 - (b) where there is a discrepancy between the unit rate and the line item total resulting from multiplying the unit rate by the quantity, the unit rate as quoted shall govern, unless in the opinion of the Employer there is an obviously gross misplacement of the decimal point in the unit rate, in which case the line item total as quoted shall govern, and the unit rate shall be corrected.
- 29.2 The amount stated in the bid shall be adjusted by the Employer in accordance with the above procedure for the correction of errors and, with the concurrence of the Bidder, shall be considered as binding upon the Bidder. If the Bidder does not accept the corrected amount, the bid shall be rejected, and the Bid Securing Declaration exercised in accordance with ITB Sub-Clause 17.2.
- 30. Evaluation and Comparison of Financial Proposals** 30.1 The Employer will evaluate and compare only those bids that have scored the minimum pass mark.
- 30.2 In evaluating the bids, the Employer will determine for each bid the evaluated bid price by adjusting the bid price as follows:
- (a) making any correction for errors pursuant to ITB Clause 29; and

- (b) making appropriate adjustments to reflect discounts or other price modifications offered in accordance with ITB Sub-Clause 22.5.

30.3 The prices shall be compared as per a marking system. The lowest financial proposal (F_m) will be given the maximum mark (S_m) allocated to financial proposals and the marks shall be computed as follows:

$$S = S_m \times F_m / F$$

Where F is the price of the proposal under consideration.

(Example: if the price quoted by the lowest bidder is Rs. 250 000 and the maximum marks allocated for the Financial Proposal is 30 marks, the lowest bidder gets 30 marks, and a bidder having quoted Rs. 300 000 gets (Rs 250 000/ Rs 300 000) x 30, that is, 25 marks and so on and so forth for the other bidders).

F. Award of Contract

- 31. Award Criteria** 31.1 Subject to ITB Clause 32, the Employer will award the Contract to the Bidder whose bid has been determined to be substantially responsive to the bidding documents and who has scored the highest marks per [site, zone or the whole lot] provided that such Bidder has been determined to be:
- (a) eligible in accordance with the provisions of ITB Clause 4, and
 - (b) qualified in accordance with the provisions of ITB Sub-Clause 5.2.
- 32. Employer's Right to Accept any Bid and to Reject any or all Bids** 32.1 Notwithstanding ITB Clause 31, the Employer reserves the right to accept or reject any bid, and to cancel the bidding process and reject all bids, at any time prior to the award of Contract, without thereby incurring any liability to the affected Bidder or Bidders.
- 33.
